Requestor Name and Address

SURGERY SPECIALTY HOSPITAL OF AMERICA
S.E.
4301 VISTA ROAD
PASADENA TX 77504

DWC Claim #:
Injured Employee:
Date of Injury:
Employer Name:
Insurance Carrier #:

Respondent Name

TWIN CITY FIRE INSURANCE CO

Carrier's Austin Representative Box

Box Number 47

MFDR Tracking Number

M4-09-6051-01

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Surgery Specialty Hospital of America, S.E charges fair and reasonable rates for its services. Specifically, these rates are based upon a comparison of charges to other carriers and the amount of reimbursement received for these same or similar services. The amount of reimbursement deemed to be fair and reasonable by Surgery Specialty Hospital of America S.E is at a minimum, 70% of the billed charges. This is supported by the Focus managed care contract."

Amount in Dispute: \$21,689.19 *

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "It is the Respondents position that the Requestor was paid more than a fair and reasonable amount as determined in accordance with the criteria for payment under the ACT. Specifically, the amount paid by the Respondent was more than that which would be allowed under Medicare. Respondent has paid Requestor \$1118.00 which is the same amount that a full service hospital would be paid for its facility charges associated with a spinal surgery and a one-day inpatient hospitalization. Such billing is utterly excessive and violates the cost containment policies of the Act and the Division...In summary, the Requestor was paid more than a fair and reasonable amount as determined in accordance with the criteria for payment under the ACT and is not entitled to additional reimbursement from Hartford Insurance Co."

Response Submitted by: Twin City Fire Insurance; 300 S State St; Syracuse NY 13202

SUMMARY OF FINDINGS

Date(s) of Service	Disputed Services	Amount In Dispute	Amount Due
February 15, 2008	Outpatient Surgery	\$21,689.19 *	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.1, effective January 17, 2008, 33 *Texas Register* 428, which requires that, in the absence of an applicable fee guideline or a negotiated contract, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(f) which states that "Fair and reasonable reimbursement shall: (1) be consistent with the criteria of Labor Code §413.011; (2) ensure that similar procedures provided in similar circumstances receive similar reimbursement; and (3) be based on nationally recognized published studies, published Division medical dispute decisions, and/or values assigned for services involving similar work and resource commitments, if available."
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. This request for medical fee dispute resolution was received by the Division on February 12, 2009.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - W10 – no maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology. Reduced to fair and reasonable.
 - 16 – claim/service lacks info which is needed for adjudication. In order to review this charge we need a copy of the invoice detailing the cost to the provider.
 - W3 – additional payment made on appeal/reconsideration. Reimbursement for your resubmitted invoice is based upon documentation and/or additional information provided.

Findings

1. In regards to reason code 16, the respondent re-audited the bill and made an additional payment based upon reasonable and necessary per the fee guideline. Therefore, the disputed services will be reviewed in accordance with applicable Division rules and fee guidelines.
2. The requestor submitted an updated Table of Disputed Services. *
3. 28 Texas Administrative Code §133.307(c)(2)(F)(i), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires that the request shall include "a position statement of the disputed issue(s) that shall include" ... "a description of the health care for which payment is in dispute." Review of the submitted documentation finds that the requestor has not provided a description of the health care for which payment is in dispute. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(i).
4. 28 Texas Administrative Code §133.307(c)(2)(F)(ii), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires that the request shall include "a position statement of the disputed issue(s) that shall include" ... "the requestor's reasoning for why the disputed fees should be paid or refunded." Review of the submitted documentation finds that the requestor has not discussed the reasoning for why the disputed fees should be paid. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(ii).
5. 28 Texas Administrative Code §133.307(c)(2)(F)(iv), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires that the request shall include "a position statement of the disputed issue(s) that shall include" ... "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the submitted documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(iv).
6. 28 Texas Administrative Code §133.307(c)(2)(G), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable."

Review of the submitted documentation finds that:

- The requestor's position statement asserts that "Surgery Specialty Hospital of America, S.E charges fair and reasonable rates for its services. Specifically, these rates are based upon a comparison of charges to other carriers and the amount of reimbursement received for these same or similar services."
- The requestor did not provide documentation to demonstrate how it determined its usual and customary charges for the disputed services.
- Documentation of the comparison of charges to other carriers was not presented for review.
- Documentation of the amount of reimbursement received for these same or similar services was not presented for review.
- The Division has previously found that "hospital charges are not a valid indicator of a hospital's costs of providing services nor of what is being paid by other payors," as stated in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, 22 *Texas Register* 6276. It further states that "Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges..." 22 *Texas Register* 6268-6269. Therefore, the use of a hospital's "usual and customary" charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
- In the alternative, the requestor asks to be reimbursed a minimum of 70% of billed charges, in support of which the requestor states that "The amount of reimbursement deemed to be fair and reasonable by Surgery Specialty Hospital of America, S.E is at a minimum, 70% of the billed charges. This is supported by the Focus managed care contract...It also shows numerous Insurance Carriers' willingness to provide 70% reimbursement for Out-Patient Hospital setting medical services."
- The requestor has provided select exhibit pages from the alleged managed care contract referenced above; however, a copy of the contract referenced in the position statement was not presented for review with this dispute.
- Review of the exhibit pages submitted by the requestor finds a schedule of charges, labeled exhibit "A", dated 04/23/92, which states that "OUTPATIENT SERVICES: 101/401 PAY 70% OF BILLED CHARGES."
- The requestor submitted a letter of clarification dated July 30, 1992 indicating a change in reimbursement to the above referenced contract, stating in part that "services rendered to eligible Beneficiaries will be considered at 80% of the usual and reasonable charge which is equal to the lesser of the actual charges billed by HCP; OR the eightieth (80th) percentile for charges for such services as set forth in the current Medical Data Research Database."
- The requestor submitted a fee schedule page, labeled exhibit A, dated effective August 1, 1992 which states, in part, that the provider shall receive "an amount equal to eighty percent (80%) of the Usual and Reasonable Charge for those Covered Services. For all purposes hereunder, the Usual and Reasonable Charge for such services shall be equal to the lesser of: (i) the actual charges billed by HCP for such services; or (ii) the eightieth (80th) percentile for charges for such services as set forth in the current Medical Data Research database."
- No data or information was submitted from the Medical Data Research database to support the requested reimbursement.
- No documentation was presented by the requestor to support that the referenced contract was in effect at the time of the disputed services.
- The requestor's position statement further asserts that "amounts paid to healthcare providers by third party payers are relevant to determining fair and reasonable workers' compensation reimbursement. Further, the Division stated specifically that managed care contracts fulfill the requirements of Texas Labor Code §413.011 as they are 'relevant to what fair and reasonable reimbursement is,' they are relevant to achieving cost control,' they are relevant to ensuring access to quality care,' and they are 'highly reliable.' See 22 *Texas Register* 6272. Finally, managed care contracts were determined by the Division to be the best indication of a market price voluntarily negotiated for medical services."
- While managed care contracts are relevant to determining a fair and reasonable reimbursement, the Division has previously found that a reimbursement methodology based upon payment of a percentage of a hospital's billed charges does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, which states at 22 *Texas Register* 6276 that:

"A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living.

It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources.”

Therefore, a reimbursement amount that is calculated based upon a percentage of a hospital's billed charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.

- In support of the requested reimbursement, the requestor submitted redacted explanations of benefits, and selected portions of EOBs, from various sample insurance carriers. However, the requestor did not discuss or explain how the sample EOBs support the requestor's position that additional payment is due. Review of the submitted documentation finds that the requestor did not establish that the sample EOBs are for services that are substantially similar to the services in dispute. The carriers' reimbursement methodologies are not described on the EOBs. Nor did the requestor explain or discuss the sample carriers' methodologies or how the payment amount was determined for each sample EOB. The requestor did not discuss whether such payment was typical for such services or for the services in dispute.
- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
- The requestor did not support that payment of the requested amount would satisfy the requirements of §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
